CHQ:

1. Rather than make a separate submission of this sign-up with 42¢ dues for December, 1982, we are including his payment of dues for 1983, making a total of $5.42 US. His membership should date from December 1982 and he should be provided with membership cards for 1983 inclusive. It is to be hoped your administrative procedures can cope with this arrangement.
2. We have been spectacularly unsuccessful in signing up students and staff here at the U. of Alberta, though our office has been open for over five years in the middle of it all. Perhaps this is the start of a breakthrough for which we have been waiting.
3. I am in the process of catching up with monthly reports to CHQ. Those for Jan.Feb.& Mar. were just sent in. Next quarter is in preparation. We should soon be able to combine sign-ups with the reports each month on a current basis.

Re: Joe Simonetti membership (WWL)

8 April 1983

To: CHQ

Subject: Membership application for Joseph Simonot.

1. This office was contacted by Mr. Simonot on 31st March 83 and on our suggestion attended our Tuesday evening meeting on 5th April, at which time he made out an MA and paid dues of $6.00 to end of 1983.

2. Mr. Simonot is a resident of Saskatoon, so will not be a member of this Unit. It is assumed he will be an MAL and so we are sending his dues in full in to CHQ.

3. Mr. Simonot has been working at various construction jobs in Alberta in recent months, but at present is unemployed and will shortly return to Saskatoon.

4. He purchased a TTSD and we augmented this with several items of free literature. He seemed interested in making further contacts with friends and relatives. He asked about a Unit in Saskatoon, so we gave him two names (Morgan and Dawes) at that point and also Kildaw's at North Battleford.

5. His interest in Technocracy dates back to the '30's when he was farming about 100 miles north of Saskatoon. At that time he was aware of members and groups in northern Saskatchewan. More recently he noticed an ad about our Unit in a newspaper and decided to look us up when he came to town.

TO: Barry Stang, Box 4506, P.S.S.E., Edmonton, Alta. T6E 2AO

SUBJECT: 1985 Membership Dues.

1. In a recent mailing Continental Headquarters (CHQ) advises that the response to their "1984 Dues" letter was such a success that it is again calling upon all members to pay their dues for 1985 in January, if at all possible. In addition to providing essential funds, it greatly simplifies the clerical and accounting work. We can add that it is equally helpful at Unit level.

2. The loss of our office in The HUB on the University Campus has been a severe set-back to this Unit. Our present office on the 3rd floor of the Noble Bldg., on 109 St. (at 86 Ave.) is adequate in size at this stage, but quite unsuitable for public contact. As a result we are in a 'holding pattern' of activity for the present. Eventually this Unit must find some type of 'storefront' premises, centrally located, at reasonable rent. In the meantime it is most important that our membership continue to support the Unit in every possible way: membership dues, pledges, donations, man-hours of work, materiel, office-holding, management and administration, publicity, literature distribution, letter-writing to publications, public speaking, etc.

3. CHQ has advised that they will soon issue a new gray pamphlet: "History and Purpose of Technocracy" which is the correspondence between Howard Scott and J. Kaye Faulkner of Western Washington State College. This was first published in the Northwest Technocrat in the July, 1965 issue.

4. Also in a recent mailing (1st Dec. 1984) CHQ notes that "More and more analysts and soothsayers of every ilk are coming around to Technocracy's accurate and prophetic analysis". During a Fall visit to the West coast this writer observed that other Sections and Units are experiencing a quickening interest and response from the general public.

5. If you, too, think that Technocracy should be heard and seen, give us your support. We cannot play our part without it.

TO: CHQ

SUBJECT: Membership Application - Barry Stang.

1. The attached membership application for Barry Stang is being forwarded immediately as we are two months in arrears on our monthly reports and they are likely to be delayed till end of September. + Our struggle for survival, although unlikely to succeed in retaining these premises, is taking priority on our time.

2. Mr. Stang attended our last Tuesday evening presentation in the 92nd Ave. Lounge, across the Mall from our office. Even before he heard our material he signed an MA, paid $100 on his dues, a magazine subscription, some literature, and a Monad pin which he immediately wore.

3. He is 25 yrs., unmarried, and living in the town of Gibbons (about 15 miles NE of Edmonton), with an aunt. He proposes to re-enroll at the University here and would support a student group or club.

4. Mr. Stang seemed to be on our 'wavelength', having conceived the idea that people are like 'sub-atomic particles' and part of a mass subject to physical principles. However he was impatiently urging a small start locally, to grow in time. We hope the educational process will show him the magnitude of the continental 'mass'.

Walt Fryers, Treas.

P.S. The CHQ share of this membership for the balance of this year comes to $1.68. You can reduce our credit balance by this amount and revise our credit accordingly.

Hi Walt,

Well 'tis a sad state when such a plan as Teck. offers falls on deaf ears, and apparently nothing we can do about it. I will be 80 next birthday and doubt if I'll continue membership after that. I had expected to be in Edmonton before this but seeing I haven't made it enclosed is cheque for $10.00 will give you a call when I do get to Edmonton.

So for now.

Art Shaw:

1. Greetings again Art. We received your note and membership for 1985. Thanks. Receipt herewith.

2. Your irriation with this organization's apparent apathy is understandable. But I dont think it is just 'apathy' or indifference or inertia or complacency or anything like that. We are suffering from an obvious case of poverty, exhaustion, old-age, frustration, rejection and such like. Somewhere down the line there will be a renewal of man-power, money and materiel - a whole new start. In the meantime we can only do what we can do. But we aren't giving up. Nor should you.

3. I'm also attaching a copy of a letter sent out to our members. Hope we get some response.

To Walt. Fryer

Replying to yours of Dec. 28/84.
First of all, without prejudice, Malice, or Sarcasm, I feel that my intelligence and I.Q. is probably equal to that of those at C.H.Q.
We see new political parties, (not worthy of consideration inasfar as having a solution) that can start up + gain thousands of members in a matter of weeks. We have dealt with facts but in a period of 40 years have not grown.
Therefore it must be our approach. There are intelligent forms of life around us, but we do not appear important. Neither you nor C.H.Q. seem to be able to get a handle on the reasons for my proposed contest with the Post Office Dept.
I fully agree that it will have little effect on the city dwellers. However I will insist to my final breath that it will relate in a meaningful way to Technocracy.
It makes me damn mad to have my ideas pissed on unless someone can come up with something better. Who cares if it does not excite the 75% of population living in cities. How many people turn out to a lecture?
You all know that advertising has been a waste. So if we can do something which actively + beneficially affects 25% of the population from

coast to coast, some of them ~~[illegible]~~ sure as hell will be grateful, and everyone in Canada would hear of Technocracy. A cheaper or more far-reaching form of advertising is hard to comprehend.

I am enclosing $10.00 for 1985 membership fee but unless C.H.Q. comes to life, it will be my last. I am at the age when life, death, or anything else is not very important to me.

A. E. Shaw

27 Dec 84

Art Shaw, Daysland, Alta.

Your note of 22 Oct, 84.

1. Thanks for your membership and donation, and note.

2. You "maintain that Tech. must do something spectacular so that the Gen. Public hears of us, something like challenging the Post Office, you know what I'm talking about." Yes I remember you were thinking about trying to force the Post Office to provide free boxes in rural and town locations to compensate, in some degree, for the lack of the free house-to-house delivery provided in cities. This issue may have merit to non-urban locations, but has little meaning to the great majority of citizens who live in cities. In any case the issue does not relate to Technocracy or its message in a meaningful way. CHQ took a similar stand.

3. There may be other 'spectacular' efforts that this organization could undertake. A large and powerful organization would probably come up with 'tactical' moves to gain attention to its message and to obtain new members. Howard Scott had such plans. Some were carried out: Operation Columbia, for one, and others like it; plus tours by powerful speakers, and so on. Sad to relate, this organization does not have the strength nor the current popular appeal to attempt such tactics. But the day will come, we hope.

4. In the meantime those few members who are still active and committed will carry on as best they can. Gray cars and other vehicles may still be useful at this stage. You ask about the official gray. I am enclosing Operating Instruction No. 10, as revised May 1949. I think this will give you all the information you need. It is all we have. I dont see how we can help you finance the paint job. We seem to be hanging by a thread just to hold on to our office here.

5. Vancouver and some other places have gray cars. Perhaps they would be helpful to you in some way. I imagine they have special rates on the re-painting job. Could you arrange to have it done during a visit sometime - say next Labor Day weekend meet.

6. By the way, the new membership year begins 1st Jan 85. I am enclosing a copy of a By-law amendment recently received here. CHQ also requests members to renew their membership in January if possible. I know we can count on you.

Hi Walt,

Enclosed please find cheque in the amount of $60.00 - Jan '84 for membership plus $5.00 donation.

I maintain that Feb. must do something spectacular so that the Hon. Public hears of, um, something like challenging the Post Office, you know what I'm talking about.

I now have a Van, & I'm wondering if I could get any help finance wise to paint it official grey? Also what is official grey and where can it be bought?

Happy landings

Your Recent Letter

1. Our letter of November 19 in reply to yours of November 9 was written by Stella Block and approved by John T. Spitler, Continental Director. All letters emanating from CHQ are always approved by the Director before they are sent out. We have instituted the practice of not signing communications from headquarters by individuals, but simply from CHQ, Technocracy Inc. Our General Mailings were always signed in this way; we have merely extended the practice to include letters to Members and Sections.

2. If you insist on addressing your communications to an individual, address them to the Continental Director; you will always receive an answer.

3. In our letter of November 19 we (the staff at CHQ) suggested that any money you wish to spend on publicity might better be used for inserting ads in local newspapers on a continuous and consistent basis. In this way you may have a better chance to reach someone who is socially conscious and is ready to listen. It might be more productive to channel this activity through the Unit to which you belong, 11353-A. You might get in touch with Organizer Howard Rennick and discuss this with him.

Your Recent Letter

1. CHQ received your letter of November 9 and we have reviewed it carefully.

2. Although we share your concern about the lack of knowledge of Technocracy by the general public, we cannot accept your solution to the problem. If you will study the operating rules of the game of the Price System, you will find that the postal system is not the only institution that discriminates against those least able to pay. In fact, that is what the Price System feeds on. Also, the postal service being a governmental institution it would not be the best strategy or tactics for Technocracy to lead "the battle" as you say. There are many more areas of discrimination which are wreaking greater harm than the rental of post office boxes by small town residences. Rather than waste time, money and energy attacking the Price System piecemeal, it would be better to use that money to insert ads in various newspapers and publications so that the word Technocracy Inc. will become a familiar word to the public. Think about it.

3. The Hotel Pierre Address was made at a time when Technocracy was front page news from coast to coast. Its content was in tune with those times. It is possible that the Organization will, in the future, again be presented with the opportunity for mass presentation.

Subject: Annual membership dues for Art Shaw.

1. Art Shaw of Daysland, Alberta, visited this office on 6th April and paid his membership dues for 1981 ($10.00 Can.) plus a donation of $60.00.

2. Through a regrettable oversight, the CHQ portion of his dues was not remitted until now. Hence he will be still waiting for his membership card.

3. Your memo to him of Jan. 29/81 advised him he was no longer an MAL, but was a member of this Unit. You provided us with a copy of the memo. From this we can assume that a Transfer form will not be necessary.

4. A copy of this letter will be sent to Art to explain this hitch in our administrative procedures.
